Product no.	L820
Product name	Southwestern Corn Borer Lure
Scientific name	Diatraea grandiosella

September 2015 Page 2 of 4

4.2	Most important symptoms and effects, both	Primarily irritation
	acute and delayed	
4.3	Indication of any immediate medical attention and special treatment needed	Treat symptomatically
SECTI	ON 5: FIRE-FIGHTING MEASURES	
5.1	Extinguishing media	Foam or carbon dioxide for small fires, water spray or foam for large fires. Avoid heavy hose streams.
5.2	Special hazards arising from the substance or mixture	The essential breakdown products are carbon monoxide, carbon dioxide and water.
5.3	Advice for firefighters	Use standard fire fighting techniques.
SECTI	ON 6: ACCIDENTAL RELEASE MEASURES	
6.1	Personal precautions, protective equipment and emergency procedures	Avoid Contact with eyes, skin and clothes. See section 8 for further detail on personal protective equipment.
6.2	Environmental precautions	Keep out of water sources and sewers
6.3	Methods and materials for containment and cleaning up	Securely wrap container or spilled material in several layers of newspaper and discard in trash.
6.4	Reference to other sections	See section 7 for fire prevention. See section 8 for personal protection. See section 13 for disposal.
SECTI	ON 7. HANDI INC AND STODACE	
7.1	ON 7: HANDLING AND STORAGE Precautions for safe handling	General precautions to be taken with handling. Avoid contact with eyes, skin and clothes.
7.2	Conditions for safe storage, including any incompatibilities	Store in cool, dry area out of direct sunlight. Keep storage container closed until ready to use. Keep away from food, feedstuffs, and domestic water supplies.
7.3	Specific end use(s)	Scentry insect monitoring products are pest management tools designed to provide information about an insect pest population.
SECTI	ON 8: EXPOSURE CONTROLS/PERSONAL P	ROTECTION
8.1	Personal exposure limits	To our knowledge, no personal exposure limits have been established for any of the components in this product. However, exposure limits may be defined by local regulations and must be observed.
8.2	Exposure controls	Keep away from foodstuffs, beverages and food. Avoid contact with eyes and skin. Wash thoroughly after handling.
(B)	Respiratory protection	None required, if the room is well-ventilated. Use with local ventilation
	Protective gloves	None required, but vinyl, latex or rubber gloves is recommended for continuous handling. The exact break through time of the various types of protective gloves has to be found out by the manufacturer and has to be observed.
	Eye protection	None required, but chemical goggles or shielded safety glasses are recommended.
	Other skin protection	Wear suitable protective clothing.
	NOTE:	Personal protection information shown above is based upon general information as to normal uses and conditions. Where special or unusual uses or conditions exist, it is suggested that the expert assistance of an industrial hygienist or other qualified professional be sought.
SECTI	ON 9: PHYSICAL AND CHEMICAL PROPER	FIES
9.1	Information on physical and chemical	
7.1	properties	

7.1 Information on physical and chemical	
properties	
Appearance	Rubber Septa
Odor	Fatty, mild
Odor threshold	Not determined

Product no.L820Product nameSouthwestern Corn Borer LureScientific nameDiatraea grandiosella

September 2015 Page 3 of 4

рН	Not determined
Melting point/Freezing point	Not determined
Initial boiling point and boiling range	Not determined
Flash point	Not determined
Evaporation rate	Not determined
Flammability (solid/gas)	Not highly flammable
Upper/ lower flammability or explosive limits	Not determined
Vapor pressure	Not determined
Vapor density	Not determined
Relative density	Not determined
Solubilities	Solubility at 20°C in water: insoluble
Viscosity	Not determined
Explosive properties	Not explosive
Oxidizing properties	Not oxidizing
Decomposition temperature	Not determined
Auto-ignition temperature	Not determined
Partition coefficient: n-octanol/water	Not determined
9.2 Other Information	None

SECTION 10: STABILITY AND REACTIVITY				
10.1	Reactivity	To our knowledge, the product has no special reactivities.		
10.2	Chemical stability	Stable at ambient temperatures while in storage and while being handled.		
10.3	Possibility of hazardous reactions	Thermally decomposition products may include CO, CO <sub>2</sub> , H <sub>2</sub> O.		
10.4	Conditions to avoid	Acids, peroxides and other oxidizing agents.		
10.5	Incompatible materials	None known.		
10.6	Hazardous decomposition products	See Section 5		

## SECTION 11: TOXICOLOGICAL INFORMATION

11.1	Information on toxicological effects		
	Acute toxicity		This product contains a straight chain lepidopteran pheromone, a class of pheromones with no expected risks to human health or non-target organisms.
	Route(s) of Entry	- skin (most likely)	LD <sub>50</sub> , dermal: Not determined
		-ingestion -inhalation	LD <sub>50</sub> , oral: Not determined LD <sub>50</sub> , inhalation: Not determined
	short term exposure Delayed, immediate, or chronic effects from long term exposure Symptoms		Not determined
			Not determined
			May cause mild to moderate skin and eye irritation
			Not determined

## SECTION 12: ECOLOGICAL INFORMATION

12.1	Toxicity				
	The ecotoxicity	The ecotoxicity of the active ingredient is measured as:			
	- Fish	96-h LC <sub>50</sub>	Not determined		
	- Algae	72-h LOEC	Not determined		
	- Daphina	48-h LC <sub>50</sub>	Not determined		
	- Bees	48-h LD <sub>50</sub> , contact	Not determined		
		48-h LD <sub>50</sub> , oral	Not determined		
12.2	Persistence in degradability		Easily decompose to carbon monoxide, carbon dioxide and water.		
12.3	Bioaccumulati	ve potential	Not determined		
12.4	Mobility in soi	1	Not determined		
12.5	Results of PBT assessment	and vPvB	Not determined		
12.6	Other adverse	effects	None		

Product no.	L820
Product name	Southwestern Corn Borer Lure
Scientific name	Diatraea grandiosella

September 2015 Page 4 of 4

13.1	Waste treatment methods		
	Disposal of product	Do not contaminate water, foodstuffs, feed, seed or sewage water by storage or disposal. Wastes resulting from the use of this product must be disposed of on site o at an approved waste disposal facility. To minimize exposure see section 8.	
	Disposal of packaging	Do not reuse empty pouch. Discard pouch as according to all applicable local regulations.	

SECH	ON 14, I KANSFORT INFORMATION	
14.1	UN number	Not determined
14.2	UN proper shipping name	The product is not classified as hazardous material for both national and international transport by road or rail, by sea or air.
14.3	Transport hazard class(es)	Not determined
14.4	Packing group	Not determined
14.5	Environmental hazards	None known
14.6	Special precautions for user	None known
14.7	Transport in bulk according to Annex II of MARPOL 73/78 and the IBC code	The product is not transported in bulk tankers.
SECTI	ON 15: REGULATORY INFORMATION	
15.1	Safety, health and environmental regulations/legislation specific for the substance or mixture	The product is classified and labelled in accordance with GHS and EC directives or respective national laws.
15.2	Chemical safety assessment	A chemical safety assessment has not been performed.

## SECTION 16: OTHER INFORMATION

Disclaimer: All information contained in this Safety Data Sheet is furnished free of charge and is intended for your evaluation. In our opinion, the information is, as of the date of this Safety Data Sheet, reliable. However, it is your responsibility to determine the suitability of the information for your use. You are advised not to construe the information as absolutely complete since additional information may be necessary or desirable when particular, exceptional, or variable conditions or circumstances exist or because of applicable laws or government regulations. Therefore, you should use this information only as a supplement to other information gathered by you, and you must make independent determinations of the suitability in completeness of the information from all sources to assure both proper use of the material described herein and the safety and health of employees.
